

August 10, 2009

The Honorable Nancy Pelosi  
235 Cannon H.O.B.  
Washington, DC 20515

Dear Speaker Pelosi,

On behalf of the hundreds of conservation, park, refuge, forest, sportsmen, trails, land trust and recreation organizations from across the nation, that make up the Land and Water Conservation Fund (LWCF) Coalition, we would like to thank you for your leadership and for ensuring that the Land and Water Conservation Fund was included in the final version of H.R. 3534, the Consolidated Lands and Energy Aquatic Resources Act (the CLEAR Act) of 2010.

The historic vote on July 30<sup>th</sup> in the U.S. House of Representatives will hopefully spur the Senate to pass similar legislation, with a strong commitment to fully fund LWCF, when it returns from the August recess. As a champion for full and dedicated funding for one of the nation's most effective programs for land conservation and outdoor recreation, you voted to foster sound conservation practices and to help families connect to the outdoors for generations to come.

The tragedy of the BP oil spill reminds us how vulnerable our public lands and waters, surrounding communities, and wildlife are to harm. We need sustained investment to provide long term protection of the natural places that are so important to us as Americans, and the Land and Water Conservation Fund was designed to do just that. It is time to keep the longstanding but unkept promise to use all the funding in LWCF to protect places Americans care about for future generations.

The passage of the CLEAR Act by the House recognizes the need to reinvest revenues from our depleting energy resources in conservation, to protect our public lands, and to promote access to close-to-home outdoor recreation opportunities for sportsmen and other Americans.

We are thankful for your critical leadership and support of the CLEAR Act, recognizing the pressing need to invest in a conservation and recreation agenda that accurately reflects 21st century needs, and to meet urgent LWCF demand at the federal, state and local levels. We look forward to continuing to work with you as the Senate takes action this fall to send a bill to the President.

Sincerely,

The Land and Water Conservation Fund Coalition
